boat in Great Peril.

The South Brooklyn Begins to Sink in Buttermilk Channel.

Barely Reaches Her Pler and Unloads When She Goes Down.

The terryboat South Brooklyn now lies sunk in twenty feet of water at her stip near the foot of Whitehall street after a very parrow escape from going to the bottom in midstream with her crowd of passengers.

The south Brooklyn left her slip at the foct

of Thirty-ninth street, South Brooklyn, at 8.30 a. M. for this city. At that hour the travel of Brooklyn people to their places of business in this city is heaviest.

There were about cight hundred passengers on board and her decks were crowded

with trucks and teams. The Captain, after leaving the Brooklyn milk Channel, which is between Governor's Island and Brooklyn, as that route is shorter than going around the Island.

Drenging has been going on in the channel for some time, and the pilot of the ferry-boat hugged the island shore very close.
It appears that he had left the principal While running along at full speed

a heavy shock was suddenly felt by all on The boat shook and trembled and careened

their feet. Instantly there was a scene of great excitament and confusion on board. The tramping of horses added to the fright of the people, who ran about seeking to learn what had

The officers on board the ferry-boat made They found that she had struck some hidden obstruction, supposed to be a submerged

The collision had torn a big rent in the starboard side of the hull. The hole was a large and ragged one, and it was found that the water was pouring in at

an alarming rate. The boat began gradually to settle, but

Capt. Decker had kept her on her course for Oil Factory Destroyed and Nearby New York, her speed being only slightly

checked by the collision. The captain at first thought the accident not a serious one, but when he had rounded notet at Governor's Island and got out into the deep stream be saw that there was danger of the boat going down with her big load of human freight.

The water continued to pour in and the hull of the vessel sank deeper and deeper.

The passengers began to get over their panic, not realizing the imminence of the Some had grabbed life-preservers at the

first alarm. The officers on board had as-sured the passengers that there was no danger, and the men encouraged the women and allayed their fears. The captain crowded on all steam to try

and reach his slip if possible, before the boat The slip was a considerable distance away

for a boat that is fast being submerged, but It was the neare t point of safety.

The ferry-boat took a straight course, and the whistle was kept at a full continuous Wissel from conducting a fat rendering estabblast to attract attention and warn all other craft to keep out of the way and give her every chan e over an unobstructed course to get into the slip.

All neighboring craft scurried out of the way and watched the thrilling race of the tinking tout to reach a haven of safety. The whisting of the boat attracted people

around the Pattery to see the expected going down of a loaded ferry boat. The boat finally reached her slip and ran

The gangplanks were hurriedly thrown out

The horses were hurriedly driven ashore and a few minutes after all had been landed In safety the South Brooklyn gave a lurch flew to the other side of her slip and went

fied and sent a boat to raise her. supt. Ambrose, of the Ferry Company, said later that there was no hole in the ferryobstruction.

breaking of the condensor, which let water | sailor into the hold through the discharge pipe. He said it was about ten intrutes after the accinent occurred that the boat reached her slip, and that if her holl had been damaged as oadly as reported she would have sunk long before she made the slip.

L'illian Coulter Missing.

Lillian Coulter, aged twenty-five, of 519 atsailer \$10 worth of silk handscrehiers from a Gates avenue, Brooklyn, is missing. She asked per mother for some approx on Wadnes.

Had Cholerale Symptoms.

Employees Alarmed.

Because of the cholera reare in Williams-

turn to work this morning.

The scare was caused from the fact that two Russians employed in the factory were last night taken to the Eastern District Hospital suffering from vomiting an idiarrinea.

Eastern the factory were last night taken to the Eastern District Hospital suffering from vomiting an idiarrinea.

BIG BLAZE IN BROOKLYN.

Houses Scorched.

The Occidental Oil Company's factory on streets, South Brooklyn, was destroyed by a fire which broke out at 6.30 o'clock this morning. The houses immediately behind the factory

were badly scorched, and the tenants were forced to leave to escape the intense heat. These houses were damaged about \$3,000. The loss on the factory and its contents was estimated at \$55,000.

Andrew Skelly, the watchman, was slightly burned about the head and chest.

FIGHTING NEWTOWN CREEK. Justice Pratt Asked for a Permanen

Injunction Against Wissel. Assistant Corporation Counsel William T. ing and argued a motion to make permanent the existing injunction to restrain Andrew

lishment on Furman's Island.

Mr. Gilbert held that the laws of 1892 prohibited the rendering of fat, billing of bones or manuacture of fertilizer within three miles of city limits.

Judge Pratt took the papers and said he would give a decision inter in the day.

Perhaps a Battle with Robbers.

FRESNO, Cal., Sopt. 16. - Great excitement has been caused here by a message from Sequeia Mills stating that a nerder on the flume there had heard a fusilisde in the direc-tion of sumpson's Flat, where Evans and Son-tag, the fugitive train roobers, are supposed

A Light-Weight Knocked Out.

flew to the other side of her slip and went down where she now lies buried in the mud.

The tide was low and a part of the boat rove above the water. The deck, however, was completely submerged.

The chapman wrecking Company was notified and sent a boat to raise her.

A light-weight knocked Out, in a standard from the two weeks, feeding them on celery meal and lindian meal. They laugh and grow fat.

Then he boils them, a bushel at a time. He puts in a quart of water and takes out round.

The dand sent a boat to raise her.

and Oysters.

One effect of the discovery of true Asiatic

were sent to Charles Forrester's drug store, effect on the market, but the retailers agree They returned to work, but became so bad almost unanimously that the fruit market is

that it was thought advisable to notify the health authorities.

In the factory some two hundred persons are employed, the majority being g ris.
Their homes are in the thickly settled portions of the Sixteenth Ward, where live many foles and Hungarians.
At the hospital the men gave their names as Jacob Norrowitz, aged thirty, of 26 Moore street, and Simon Lecovitz, of 1263 Broadway.

The melons don't sell. There is notetless to be dead.

Melons have been especially mentioned as dangerous at a time of contagion, and the melon season, which was nearing its close anyway, was brought to a sudden end.

James Tierney, one of the largest receivers of watermelons, said:

"The cholera scare has had a great effect."

way.

Dr. O'Nell and Surgeon Gifford declare Norrowitz's sickness due to hernia, and Legevitz's to acute cholera moreus. The men are reported as greatly improved this merning.

The meions don't sell. There," pointing to a heap of 500 meions, "are meions that ought to have been sold last week. The discovery of those cases of cholera just unlaised the job. and the watermelou season has come to an untimely end."

As for muskmelons, they became a drug in the market a week ago. Peaches have not been of the best quality

but they have been rather scarce and prices have been good, but since the cholera experts raid that danger lurked in raw fruit the market has been very tlow. Samuel H. Frost, of S. H. & E. H. Frost, 100

"Peaches are a little slow. Everything it the fruit line is slow. The venders of meion quit; said they couldn't sell, and the market

quit; said they couldn't sell, and the market stopped. Grapes are not moving as they would but for the fears of the people." W. H. Liscomb, or 92 Park place, said: "Retall dealers tell me that they are not selling one basket of peaches where they used to sell five, and the fruit trade is paralyzed to sell five, and the fruit trade is plant by the fear of cholera.

"Cauliflower is only just beginning to come to us, and if this fright keeps up it will find no market here. But the canners will take our fruit, and we will not lose so much.

Among the retail dealers, those who depend upon the bousewire for trade, the complaint

vas general. At Washington Market an Evening World At Washington Market an Evening Works, at Washington Market an Evening Works, water C. Callabas, greengroer, said:

"The fear of cholera has had a bad effect on the sale of saids, such as lettuce, celery, crosses and radishes, but tomatoes, lima beans and other things that may be cooked before eating are not affected."

Henry Kraske, a Washington Market butter, cheese and eggs man, and Henry Niblo, also in that line, said that their business had not been affected yet.

Charles E. Pearsall, who kreeps a retail truit store at 19 Futton street, close to the anotent ferry to Brooklyn, said:

"The fright of the people over cholera has not done our trade any good, but I do not anticipate that this effect will last very long."

Dealers in fish and oysters have also suffered from the scare.

CENTRAL'S BIGGEST YEAR.

Depew's Road Took in \$45,000,-000 in Twelve Months,

report of the New York Central Road for the year ended June 30, 1802, issued today, shows gross earnings of \$45,478,025, an increase of \$7,570,510; net, \$14,339,511, an Glibert: of Brooklyn, appeared in the Su-preme Court, before Justice Prait, this morna decrease of \$0,050. The gross carnings for the year are the largest in the history of the

general balance sheet shows cash o band, \$1,092,384; cash in transit, \$270,224; profit and loss excess of assets over liabili-ties, \$13,350,348. The funded deb; shows a net increase of \$2,700,000.

GROWING RICH ON CLAMS.

Yet. Strange to Say, He Feeds Them to His Pigs. In Oldtown is a man who is making

money fast out of claus, though be is at to be. It is thought that they have bad an encounter with sheriff Henley's posse.

He keams a hotel present feeding the clamato his pigs,

clam flat down around Mount Desert. His clams arrive each day. He keeps

it is heated, seasoned with sait and per-per and sold for five cents a glass. He has a big trade.

A bushel of claus delivered costs 60

Lockwood to paint a ship. The boat was found near the Battery almost full of water. Nothing is known as to what became of the sailors. It was said that a tugran into them and that they were drowned.

A busilet of claims are left from 40 cents, worth. He gives a four-ounce drink. There are thirty-two drinks in a gallon and sixty-four drinks are secured from a bushel of claims. Set profit on a bushel of claims. Set profit on a bushel of claims. Set profit on a bushel of claims. gallons.

Many try to imitate him, but no one knows how to feed the clams as he does. His pigs grow fast, moreover.

How to Increase the Circulation. I could double my circulation, remarked a Company.

"There are several ways by watch that can "Name them.
